

The **Center for Security Studies (CSS)** is a center of competence for Swiss and international security policy. It offers security policy expertise in research, teaching, and consultancy and operates the International Relations and Security Network (ISN).

2015 Internship Program

We offer four six-week internships to graduate and undergraduate students in their final year of study. Interns will contribute to the CSS research projects, assist the senior researchers with their research, editorial, and networking activities, and co-author articles with CSS researchers in one of the following areas: Swiss/Transatlantic/European/Global security, mediation and peace support, civil protection and risk management, cyber security, and nuclear deterrence and disarmament.

Further details regarding the internship, terms and conditions, and the application procedure and required documents are available on our website:
<http://www.css.ethz.ch/about/internships>.

Please note that due to Swiss labor laws only EU 25 / EFTA nationals may apply.

Applications can only be accepted if submitted online via the ETH jobs portal (<http://www.jobs.ethz.ch>). Please do not send any applications by e-mail. The closing date for applications is **31 January 2015**.
